

# Tukik Babel sea turtle conservation

## Financial information

Tukik Babel is a non profit organization, we never have and never will search for profit or accumulate wealth.

Until the beginning of the year 2016 we have never asked for donations. Until the beginning of 2016 all the funding came from Sian Soegito, the founder of Tukik Babel. From 2016 on we are asking for donations from people who would love to support our sea turtle conservation work. The incoming money from donations will be published here every year as well as the use of that money.
